ABSOLUTELY PURE

Citizens Meeting.

At a meeting of the citizens of Frankfort, held at the courthouse on Friday evening, Col. Thos. Rodman was called to the chair, and Messrs. Pat. McDonald and J. W. Marksberry were appointed secretaries.

The chairman stated the object of the meeting to be to devise means to lawfully rid Frankfort of the ex-convict and the "trusts."

Mr. Cromwell moved the appointment of a committee to prepare resolutions for presentation to the meeting. This motion was adopted, and the chairman appointed Messrs. Wm. Cromwell, J. A. Scott, U. V. Williams, W. L. Jett, Pat. McDonald and R. H. Higdon.

Speeches were made by a number of citizens.

Mr. McDonald, from the committee, reported the following resolutions, which were adopted, viz.:

WHEREAS, The city of Frankfort has long been cursed by the presence of ex-convicts from other sections of this State remaining here as permanent citizens after release from the penitentiary, instead of returning to their respective counties, as contemplated by the law requiring the prison authorities to furnish them transportation to their former homes;

AND WHEREAS, The tendency of their association here, schooled as they are in all crimes on the statute books, is to demoralize and corrupt their associates, and is a constant menace to the peace and good order of the city, endangering the security of our citizens from crimes of the most dastardly and revolting character;

AND WHEREAS, The new Constitution of Kentucky was adopted by a majority of nearly 140,000 votes, which provides that "persons convicted of felony and sentenced to confinement in the penitentiary shall be confined at labor within the walls of the penitentiary;" there is no power in the General assembly, or any person, lessee or corporation to authorize convicted felons to serve as porters on the public square or as trustees on our streets; it is therefore

Resolved by the citizens of Frankfort in mass meeting assembled, That we will no longer submit to having this city made the "dumping" place for criminals;

Resolved, That His Honor, Mayor Ira Julian, be requested to instruct the chief of police that he order the police force to at once make diligent search for all ex-convicts in our midst and inquire into their conduct and occupation, and by whom employed, since their release from the penitentiary, and upon such report that the Mayor issue a proclamation warning all ex-convicts sent here from other counties to the penitentiary remaining in the city of Frankfort not engaged in earning an honest livelihood, and who have not sustained and established a good character, that they must, within ten days, leave this city and not return here-

to under the penalty of being considered and treated as suspicious characters and vagrants.

Resolved, That we earnestly request the Commissioners of the Penitentiary to enforce the provisions of the Constitution requiring convicts to be confined within the prison walls during their terms of sentence.

Resolved, That the chairman be directed to appoint an Executive Committee of twenty-five citizens to devise ways and means to secure the removal of ex-convicts from the city of Frankfort, and to report at a meeting to be called by the chairman.

Mayor Julian presented a substitute for the resolutions requesting the appointment of a committee with instructions to prepare a bill to be presented to the next General Assembly directing all convicts to be removed at the expense of the State to the counties where convicted previous to the expiration of their term of sentence and then released.

This was rejected.

At a meeting of the Executive Committee, held Tuesday, the 21st day of August, 1894, at the courthouse, there were present: Pat. McDonald, L. C. Norman, John W. Rodman, Ben Marshall, Noel Gaines, J. W. Harrod, J. W. Polsgrove, M. H. P. Williams, Lewis Smith, R. Higdon, Jos. Dougherty, F. V. Gray, John Tobin and J. A. Scott.

On motion, Pat. McDonald was elected chairman and F. V. Gray secretary.

On motion, H. C. Bacon and Ben Williams were added to the committee.

Major Norman stated that the committee had been designated by some of the newspapers as a Vigilance Committee, and he desired to resent such an imputation; he therefore moved that all meetings of the committee be with open doors, as nothing would be done outside the pale of the law. Adopted.

Mayor Julian being present stated that he would lend all assistance in his power to have the vagrant law enforced.

On motion of Major Norman, a sub-committee of five was appointed to confer with the Mayor in reference to obtaining names, residences and occupations of ex-convicts resident in this city.

On motion of F. V. Gray, the matter of obtaining photographs of all convicts released, when in citizens garb, with name, residence and for what sentenced, was referred to said committee.

The chairman appointed L. C. Norman, J. A. Scott, Noel Gaines, Ben Marshall, M. H. P. Williams, Richard Higdon.

Judge Williams presented a resolution and it was referred to the sub-committee.

On motion of Mr. J. A. Scott, a committee of four was appointed to request the Board of Sinking Fund Commissioners to prevent the employment of trustees, as follows: Ira Julian, F. V. Gray, Jno. W. Rodman and Lewis Smith.

On motion of Judge Williams, Mr. Henry George, Warden of the Penitentiary, was added to the general committee.

On motion, adjourned to meet at call of sub-committee of five.

It's a Mistake

To neglect caring for a cough or cold. Every time you cough you increase the trouble and soon an inflammation is started that in a short time is difficult to control. Dr. Hale's Household Cough Cure has such a magic effect upon a cough, allaying all irritation so quickly that every person in the land should always have a bottle of this wonderful medicine on hand to begin taking at once upon the first appearance of a cold. It costs only 25c and 50c a bottle at P. H. CARPENTER'S drug store.

HARTSTEIN

THE Rising - Generation

Sat down in comfortable beds yesterday—that is, a portion of it did—and the sweet, young teacher began to question: "Johnnie, why did Lot's wife look back?" "To see if her skirt hung right," replied Johnnie. A grizzled look came over the fair young face as she turned to the next young hopeful and asked: "Where did Adam and Eve go when they were turned out of the garden for eating the apple, Teddler?" "To the nearest drug store after Jamaica ginger." Tears came, but she turned to Jimmie: "Now, Jimmie, why was Lot's wife turned to a pillar of salt?" "Cause she was too fresh." The class adjourned to a vacant lot; there was evidently a put up job somewhere. We've been putting up a job on

A HORSE FLY

OR any other PEST can be kept out of your house with our SCREENS. Hardware, like everything else, wears out, and grows old. The question is—where can the best be obtained? WE are not here to preach a we sell-the best sermon, because others may sell as good. But, do they? That is the kernel of the cocoanut.

Then again the all-important price question claims wise attention. The leak that sinks a mighty ship is often small. Perhaps there are leaks in your purse. Let me stop with a little price plugs the outflow. Don't forget that it is our wish to please you. IF IT IS POSSIBLE, I'LL DO IT.

Deaths.

CRAIK—Mr. William Craik died Friday night of last week at his home at the cemetery gate, after a protracted illness with consumption, aged 66 years. The deceased was a Scotchman by birth but had been a resident of this city for nearly forty years. He was a stone-cutter by trade and much of his work adorns the cemetery, of which he was superintendent for the past fifteen or sixteen years. Last summer, in hopes of benefiting his health, he returned to Scotland, spent several weeks visiting the scenes of his childhood and came back to die in the home of his adoption. He was twice married, both of his wives having preceded him to the grave, and leaves four children, two sons and two daughters, to whom he bequeathed the heritage of a well spent life. Peace to his ashes.

GLORE—Miss Nannie Glore, daughter of Mr. Butler Glore, died Saturday night at the home of her parents, in the Antioch neighborhood, after an illness of several weeks with typhoid fever. Her funeral took place Sunday afternoon.

LEITCH—Mrs. Mary T. Leitch died Sunday night at the home of her husband, A. W. Leitch, Esq., on the Owenton pike, after a protracted illness. The funeral took place Tuesday afternoon from the family residence. The deceased was formerly a resident of Gratz, Owen county, but removed with her husband to this county some six or eight years ago.

Large Attendance.

The meeting of Franklin Baptist Association, which was held with the church at Mt. Carmel, near Polsgrove's landing, this county, on Wednesday and Thursday, was largely attended both days and the visitors were royally entertained by the congregation. Col. Thos. Kodman, of this city, presided as moderator and Mr. W. H. Parent, of Bridgeport, was clerk. Both were re-elected for another year. The next meeting will be held with the church at Mt. Vernon, in August, 1895.

State Items.

Stanford Interior Journal: Mrs. G. B. Cooper has a rooster that lays eggs. He is of the Plymouth Rock variety and is a fine specimen. The eggs are not so large as hens' eggs but are longer and the surface very uneven. The contents are the same as an ordinary egg and they are just as good to eat. As soon as she can get enough eggs for a setting Mrs. Cooper will give the rooster a chance to show what he can do in that line.

Inmann Swan & Co., who hold a mortgage on several thousand acres of land around Proctor, opposite Beattyville, in Lee county, are having the same surveyed with a view to foreclosing the mortgage. The same firm holds a lien upon the mammoth saw-mill at Clay City which will be foreclosed and the mill moved to Proctor.

Two Lexington girls met with a little mishap recently that makes them blush when they think of it. They had been to the World's Fair, and in the show case of a Chicago photographer they had seen for the first time the picture of two young ladies as they were peeping through a torn newspaper. They admired the group very much and concluded to have their pictures taken in the same style when home in Lexington. The plan was carried into execution recently and the photographer proudly placed one of the pictures in his show case. It did not stay there long. The artist had used a Chicago daily for the picture, and right under the face of the girls was the advertisement of a Chicago clothing merchant beginning thus: "Our pants are lined in the seat."

Lawrenceburg suffered a \$45,000 fire Saturday morning, making the third large conflagration in its history. It is about time our neighbor was putting in water works or purchasing a steam fire engine.

A Winchester man comes to the front with a prediction that there will be thirty-seven snows the coming winter.

The Vanceburg Sun tells of a widow who is worth \$15,000 and who has resided within four miles of that town for nearly ten years, yet has never been inside the corporate limits.

At Lexington, Thomas Lyons wanted to open a saloon opposite the new Christian Church, but the officers got out an injunction restraining him. He now threatens to erect a church at that point and give it to the negroes.

John McCabe, a young man of Powell county, was killed Tuesday of last week. He had cut a large

tree which lodged against another. He undertook to cut the second tree when the lodged tree fell on him and crushed his skull.

David Oldham, while washing dishes under a walnut tree near Red House, Madison county, was badly injured by lightning last week. He was at the time with a party of seven threshers and he was the only one struck. It is said that when the bolt struck Oldham a man standing one hundred yards away was knocked clear over a fence.

Last week a mob composed mostly of colored people undertook to take from the jail in Winchester a negro man charged with attempting to rape a three-year-old colored girl. The jailer readily admitted them to the jail and the door of the prisoners cell was thrown open, but when the mob attempted to take him out he defended himself so vigorously with a bed slat that no one dared to enter the cell. After firing several shots into the cell the mob left. The negro had an examining trial Saturday and was discharged, the proof showing that no rape had been committed or even attempted.

The Louisville Southern railroad was sold last week to the Drexel-Morgan syndicate for \$1,000,000 and the purchasers have filed articles of incorporation as the "Southern Railroad Company in Kentucky."

Miss Mollie Hall, of Versailles, on Friday night, saw a negro climbing up a ladder into her room in the second story. She procured a pistol and snapped it in his face three times before it went off, and fired two shots which caused him to run.

South bound express train No. 3 on the Cincinnati Southern road, was wrecked a few miles beyond Lexington Saturday night. The switch lock had been broken and the switch opened by some persons with malicious intent. The engineer, fireman and baggage-master were injured, but no passengers were hurt. The engine and four cars were badly wrecked.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky, as second-class mailable matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, AUGUST 28, 1894.

The 200th Anniversary.

The Lewis family will celebrate the 200th anniversary of the settlement of their ancestors in Virginia during the first week in September. A congress of the representatives of the different branches of the clan will assemble upon the farm of Miss Nannie Scott in Spottsylvania county, which has remained in possession of some member of the family for 200 years, and on the fourth of September speeches will be made, biographies of deceased members of the family read, photographs of absent ones displayed and a general good time enjoyed. The balance of the week will be devoted to visiting the old homesteads where older members of the family resided before seeking their fortunes in other States, the battle fields around Fredericksburg and other points of interest.

Dr. John A. Lewis and daughter, of Georgetown, and Mr. Waller H. Lewis, of this county, left yesterday for a visit to Old Point Comfort and Richmond, and will then go to Spottsylvania county in time to attend the meeting, where they will be joined by Miss Mary P. Lewis, of this county, and George A. Lewis, of this city, all of whom will represent the Kentucky branch of the family in the congress.

The family connection is quite large in the Old Dominion and most of those who will attend reside in that State.

Attorney "Maxburg."

Mr. J. W. Marksbury, who has been correspondent in this city for several daily papers for the past three or four years, has been admitted to the practice of law and has opened an office in the second story of the Duvall building on St. Clair street, opposite the Court House. He has associated with Mr. Wiley C. Marshall, and the style of the firm is Marksbury & Marshall. They will make collections a specialty.

Has Anybody Counted 'Em?

A Sharpsburg man says that for every fog during the month of August we will have a snowfall next winter. He claims that he has been a close observer and has never known it to fail. Now if anybody knows how many fogs we have had this month he can come very near telling how many snows we will have next winter—provided this Bath county prognosticator is right.

Certificate of Settle's Vote in Sweet Owen.

The following letter, signed by all the county officers of Owen county, appeared in the Lexington Leader of Friday last:

Owensboro, Ky., August 13, 1894.

Mr. G. W. Wainwright, Lexington, Ky.: DEAR SIR—To you and the Settle Club of your city we, the undersigned officers of and the Democratic nominees for office in Owen county, do hereby send greeting as the friends of Owen county and her candidate, assuring you that your generous aid is and will be appreciated. We further assure you that Mr. Settle will receive 2,500 votes in this county, at least. Wishing you God speed in your work, we remain, yours truly, W. A. Lee, Judge of the Owen County Court; James W. Gayle, Sheriff Owen county; W. L. Robinson, Deputy Sheriff Owen county; P. A. Alexander, Deputy Sheriff Owen county; J. L. W. Slaughter, County Attorney Owen county; H. B. Beck, Clerk Owen County Court; W. H. Conder, Deputy Circuit Clerk; John W. Douglass, County School Superintendent; W. P. Swapp, Clerk Owen County Court; H. W. Hartsough, Deputy Clerk Owen County Court; J. W. Hill, Judge Owensboro Police Court; B. F. Shelson, Jailor Owen county; T. L. Siegel, Town Marshal of Owensboro; F. E. Sanford, Magistrate Owen county.

Accidentally Shot.

Prof. J. P. Nelson, of Lexington, who was employed by the city and county to superintend the construction of the St. Clair street bridge last fall and winter, was accidentally shot in the leg at Georgetown on Monday. While the big crowd, drawn there by the Breckinridge speaking, was in town an Owen county man by the name of W. J. Glass, who was drunk, tried to shoot a negro and Prof. Nelson attempted to take the pistol from him and in the scuffle weapon was discharged, the ball entering Prof. Nelson's thigh and inflicting a slight flesh wound.

Brace the Nerves.

Relatives and opiates won't do it. These nerves do not make the nerves strong, and failing to do this, the result of producing the essential of their quiescence—vigor. And while in extreme cases—and in the half of nervous irritation such drugs may be available, their frequent use is highly prejudicial to the delicate organism upon which they act, and in order to renew their quieting effect increased and dangerous doses eventually become necessary. Hostetter's Stomach Bitters is an efficient substitute for such, it quiets the nerves by bracing, toning, strengthening them. The connection between weakness of the nervous system and that of the organs of digestion is a strong and sympathetic link. The Bitters, by imparting a healthy impulse to the digestive and assimilating functions, promotes throughout the whole system a vigor in which the nerves come in for a large share. Use the Bitters in indigestion, constipation, biliousness and kidney trouble.

To the Voters of Franklin County.

FRANKFORT, KY., Aug. 1894.

Yielding to the flattering and earnest solicitation of partial friends and representative citizens of all political faiths, I have, contrary to my purpose to never again stand for office, determined to make the race for County Judge at the November election, 1894. This is the most important office in the county government. In the hands of the County Judge are placed the liberties of the citizens in criminal trials before examining court, as also the moneyed interests of a large class of debtors and creditors, litigating matters of account in the quarterly court, besides the settlement and oversight of the estates of widows and orphans.

The taxing interests of the citizens is in the hands of the County Judge and the Magistrates.

So it will be seen that your County Judge wields a large influence in county affairs. No more taxes should be laid than are absolutely necessary to meet the bonded indebtedness at its maturity and the annual accruing interest thereon, together with the necessary amount to conduct the

county government upon economic, honest business principles. A part of the bonded debt should be met by the next generation, as they are to be equally benefited by it.

It is local taxation and the distribution of the funds derived therefrom that comes home directly to the county and city taxpayer, for it must be met and is felt in proportion to the ability to meet it. Therefore, it is the right of the citizen to demand of his county court the lowest per cent. of tax each year consistent with an economic, honest and impartial government, and to have this tax promptly collected, and honestly and fairly applied to the good of the entire county.

The good people of my native city and county have honored me time and again by electing me to different and important offices. My election for four successive terms to the office which I am soon to voluntarily surrender, while evidencing the partiality and most generous favor of my personal as well as political following, is an earnest of my faithful, impartial and successful discharge of duty in the past, and must be my guarantee for the future.

I have in no sense sought this office, and if I am elected to it I must be elected by the uncorrupted vote of the people, as I will not bring to bear any corrupting influences to obtain it. At the proper time I will visit the precincts of the county.

Respectfully,

W. H. SNEED.

Kenneth Bazemore had the good fortune to receive a small bottle of Cholera, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lexington, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, cholera or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by PHIL. CARPENTER, South Side Druggist.

FRANKFORT ROUNDABOUT

FRANKFORT, AUGUST 25, 1894.

A Vast Throng.

Nine coaches filled with people from this city and county, and four with Henry and Oldham county people left here Wednesday morning for the great Owens' barbecue at Lexington. It required two engines to draw the train and when it reached Midway several more coaches filled with people from Woodford county were added to the train. Trains were also run into Lexington on the other roads centering there and when they were all in the crowd in the city about doubled the number expected. The number of strangers who were in Lexington on that day is variously estimated from 20,000 to 32,000. It was by far the largest demonstration of the campaign.

Chloroformed an Old Friend.

On Tuesday Mr. Dolly Walcutt killed with chloroform old John, his father's faithful old buggy horse. The poor old fellow was 31 years old and had grown so weak from age that when he got down had to be helped up and having lost all of his teeth could eat nothing but bran mash. His dam died last year at the age of 37, and seeing her suffer for days from extreme weakness and inability to eat determined Mr. Walcutt to relieve old John of his misery in the quickest and most painless way.

In Memory of the Dead Justice.

Attorney-General W. J. Hendrick has issued a call for a meeting of the members of the bar of the State to be held in the courtroom of the Court of Appeals in this city on the 16th day of September, at 11 o'clock, for the purpose of taking appropriate action upon the death of the late Chief Justice Caswell Bennett.

Several Other Cases.

The white children who had diphtheria have about recovered, but three or four colored children in Bellepoint now have it.

J. W. Fairbanks,

Postmaster at Mankato, Neb., writes us as follows: I have taken but one package of your Dr. Hale's Household Cream and it is the first medicine I have found that has done me any good. For 30 years I have been troubled with liver and kidney troubles, growing worse all the time. For the last 10 years I have not been able to do much or any work. I feel dull, sleepy and as though I could not stir. My bowels would not move oftener than once a week. After taking one package I am much better and now can take hold and work. Have a good appetite and bowels regular. For dyspepsia, constipation, all liver and kidney troubles, etc., it has no equal. Only 25c and 50c. a package at P. H. CARPENTER'S drug store. a

Deafness Can't Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

One More Unfortunate.

Mr. Moses O'Connor has announced in a prospectus that he will commence the publication of a new paper in this city, to be called the "Monthly Advocate," on Monday, September 3d.

The Shooting Nuisance.

Although there is an ordinance against shooting firearms within the city limits it is almost nightly violated by persons shooting at blackbirds which collect in the trees on the South Side. The birds are not half so much of a nuisance to persons in the neighborhood as the continuous reports of the guns and the rain of falling shot. It may be true that the shootists have permission from some city officer to take this means of driving away the birds, but what right has a city official to suspend the action of an ordinance in favor of any one or two persons?

Wm. H. Wheeler,

A prominent contractor and builder, of Adams, N. Y., was a great smoker for years. He liked his cigar but did not like the serious throat trouble that began to come upon him in the shape of a bunch or growth. As he expressed it he was afraid he was going to have a Grant throat. At this stage he began using Dr. Hale's Household Ointment, applying it directly to the bunch inside his throat several times each day. A few weeks of this treatment entirely cured the bad throat and Mr. Wheeler states that it worked a most wonderful cure in his case and that he regards Dr. Hale's Household Ointment as the greatest medicine of the 19th century. It cures all inflammation, 25c. and 50c. boxes at P. H. CARPENTER'S drug store.

"I have sold the remedy in this city for over seven years and consider it superior to any other medicine now on the market for bowel complaints." 25 and 50 cent bottles of this remedy for sale by PHIL. Base Ball.

The Frankfort Club went to Paris Saturday and played a game with the team in that city. As no record was kept by the Frankfort scorer we take the following report from the Kentuckian-Citizen:

Frankfort's team were defeated here Saturday afternoon by the locals for the third time in one week. The club came over on a special accompanied by a number of their admirers who thought their favorites could win easily by hard hitting, but when the slugger they found it harder to connect with their twisters than they thought for. They hit safely for nine singles and one double, but should not have had more than seven hits altogether with the proper support. Merchant was in the box for the Capital boys and the locals hit the ball almost every time they came to bat, but with good support behind him our boys hit safe nine times. The game was an interesting one from start to finish.

The Frankfort ball players certainly had no room for a kick in the game Saturday. There were not many close decisions in the game, but what few there were the visitors got the best of them.

The locals easily defeated the champion Lexington team at Thorn Hill Park last Friday in a long-drawn-out game, made so by the kicking of the visitors, who threatened to leave the field on account of a decision by Swango calling Davis safe at the plate in the third inning. Charley was clearly right, and of course refused to reverse his decision. A compromise was agreed upon by changing umpires, and Wicks Lindsey held the indicator for the rest of the game, giving entire satisfaction. The batting of the home team was the feature, it being even heavier than the score shows.

The Frankforts had their batting clothes on again Thursday, and defeated the Mt. Sterling team with ease. The visitors had their crack pitcher, Punch, in the box, and though many of the hits scored off him were made after chances had been given to retire the side, still he was hit very hard. White cutting off several licks that seemed good for two or three bases. In fact the work of the latter was the best seen in left field this year. Although the game was one-sided, there was lots of fine work done, and some that was quite the reverse. The locals got in three lightning double plays, while that made by Daniels and Burnett for the visitors was a beauty. The score:

THE LAST GAME.
The attendance at the games on the local grounds has fallen off to such an extent that the directory of the Frankfort Club have determined to disband the team for the season, and the game this afternoon will be the last until next year, so be sure to go out and give the boys all the encouragement you can to win their last game from the Lexingtons. Some of the best men in the home nine have agreed to give Frankfort the first show for their services next year, when it is proposed to organize a first-class club early in the season, but there are some faces that may never be seen among our players again, so go out this afternoon and give them a rousing farewell. The management are behind financially on the season, but a good crowd to-day will pull them through all right, therefore every lover of the national game should be at the park this afternoon.

THE GAME THIS AFTERNOON.
The locals will again cross bats with the Lexington Club at 3:30 this afternoon and a lively contest is expected. Don't forget to go out and see it.

Mr. D. C. Crutcher, of the firm of Crutcher Starks, offers a prize to the next player in the Frankfort Club who makes a home run on the grounds at Thorn Hill any hat in his house. Now then, boys, do some tall batting.

Pen. Merchant, one of the best ball tossers in this section, whether in the pitcher's box, at the bat, in the field or on the bases, has been too ill for some time to play and will hardly be able to don a uniform again this season. He is missed very much from the ranks of the local team and all lovers of the game hope to see him all right again soon.

Why Don't You Stop.
These words are very familiar to our readers, as not a day passes without the report of the sudden death of some prominent citizen. The explanation is "Heart Disease." Therefore beware if you have any of the following symptoms: Short Breath, Pain in Side, Smothering Spells, Swollen Ankles, Asthmatic Breathing, Weak and Hungry Spells, Tenderness in Shoulder and Arm, Fluttering of Heart or Irregular Pulse. These symptoms mean heart disease. The most reliable remedy is Dr. Miller's New Heart Cure, which has saved thousands of lives. Book of testimonials free at J. W. Gayle's who also sells the New Heart Cure.

A Young Authoress.

Little Miss Gracia Tilford, daughter of Mr. R. W. Tilford, of this city, who is just ten years of age, has quite a literary turn and frequently writes stories for her own amusement. The following from her pen was published in the Young Folks' Department of the Louisville Times on Friday of last week:

"Me wants something to eat," said Baby Ted, going up to mamma, who was making blackberry jam in the kitchen.

"Mercy," said mamma, turning around, "and I've just given you a big piece of bread with jam on it, and now you are hungry! What have you been doing?"

"Me been playing wif Fido," said baby.

"Well, here is some," said mamma, giving him a piece.

She thought she would watch and see what baby did with it. Baby went around the house and sat down on the side step, Fido looking very attentively at the bread. Ted broke off a large piece and gave it to Fido, who instantly gobbled it up.

"Now, Fido, you must not gobble so," said baby, breaking off another piece. But Fido either did not understand baby's talk or he did not want to mind, one or the other; anyhow he gobbled up the second piece just as quickly as the first.

"Now, you shall not have any more," said Ted, turning his back to Fido, who curled himself up and went to sleep; but he slept with one eye open.

Now, Fido was a very sly dog and so he took his paw and pushed Ted's arm suddenly. He did not hurt Ted, but he gave his arm enough of a push to send the piece of bread flying down the steps. Ted jumped for it, but Fido was the quickest and he was in such a hurry to get it before Ted got it

that he swallowed it without chewing it.

Ted screamed and mamma ran out of her hiding place where she had been watching him and took Ted in the house, where she consoled him with a big piece of bread with a lot of jam on it. Ted said he "wasn't dont to play wif Fido any more," but you may be sure he did.

GRACIA WALTON TILFORD.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering from a like complaint. I will answer any inquiries regarding it when stamp is enclosed. I refer to any county official as to my ability. WM. ROACH, J. P., Primory, Campbell Co., Tenn. For sale by PHIL. Some Reasons for Bald Heads.

Bald heads in a great many cases are due to lack of care. This is especially so with men. You very seldom see a bald headed woman. Why is this? In the first place ladies wash their hair and scalp at least once a week and oftentimes more. They spend half an hour twice a day in coming and brushing it. The greatest enemy to a good suit of hair is dandruff. It stops up the pores of the scalp and shuts off the supply of oil which nature has put there to help preserve its life. Another reason is lack of cleanliness of the scalp. You might just as well try to raise a good crop on poor land without fertilizer or rain as to keep a good suit of hair on your head with your scalp not clean and your head full of dandruff. Again, you must keep your hair soft and silky, not harsh and brittle as is so often the case. This can be done by some mild antiseptic. The best thing now on the market is "Shampoo," a preparation carefully compounded by the eminent chemist, Dr. J. P. Barnum, in which he combines the power of cleanliness with life retaining facilities. It cleans the scalp and hair, absolutely removes dandruff, when used continuously softens and enlivens the hair and gives tone to its growth. There are 25 shampoos in each package; the price 25 cents makes it one cent for each application, thus placing it in the reach of all. Sold by all druggists.

On to Washington.

Three years ago, the only authentic map of the Virginia battlefields was prepared in the War Department for the Chesapeake & Ohio Railway Co. It can with safety be asserted that it is the most interesting map published; and so great was the demand for the first edition, that 100,000 were soon absorbed, but it has been re-issued for the occasion of the K. of P. Encampment at Washington in August, and will be mailed free after June 1st, upon application to C. B. Ryan, Assistant General Passenger Agent, C. & O. Ry., Cincinnati, O. In connection with the map is also a description of the grand and varied scenery of the Virginias, and the delightful Mountain and Sea Shore Resorts along the C. & O., as well as a sketch of the battlefields.
